### ASTRA WINDSHIELD AND WINDOW INSTALLATION ON-SITE

Lee Aerospace certified window technicians will install new replacement Astra windshields and windows on-site.

Our A&P mechanics are experienced in the removal and installation of Astra windshields and windows adhering to OEM specifications.

To meet the demands of your critical schedule, our FAA certified technicians can arrive at your door to perform this highly specialized service.

You can be assured that your installation is completed quickly, economically, and correctly.

### ASTRA WINDSHIELD AND WINDOW PRE-BUY INSPECTION

When you're buying or selling aircraft, undetected window problems now can mean additional cost later.

Before finalizing the transaction, contact Lee Aerospace for a detailed pre-buy inspection. Our technicians will inspect every window to ensure your transparencies meet OEM specifications and provide you with an expert, detailed evaluation on the condition of your aircraft windows.

If any discrepancies are noted, repairs and installations can be completed at the time of inspection.

## FAA/EASA REPAIR STATION

### SERVICES

Operating a full service manufacturing and repair facility since 1989 in the heart of the U.S., Lee Aerospace is qualified to offer fast turn-around on any job.

Every repair goes through a series of quality checks to ensure compliance with the aircraft manufacturer, air carrier and other applicable specifications.

Lee Aerospace's road crew can meet any demand worldwide and ensure that all repairs are returned to service with an FAA 8130-3, Maintenance Transaction Report, or Logbook entry.
