PEREGRINE AND LEE AEROSPACE HAVE PARTNERED TO OFFER STC'S FOR INSTALLATION OF AVIATION CLEAN AIR'S CABIN AIR DECONTAMINATION SYSTEM IN GULFSTREAM G-IV'S/GIV-SP'S

Peregrine and Lee Aerospace have joined forces during this time of COVID-19 to deliver Aviation Clean Air System installation data and Supplemental Type Certificates (STC's) for aircraft not currently covered by ACA's STC's. The ACA system has been installed aftermarket in the Gulfstream G650/550/450 family of aircraft for the past 5 years.

Peregrine is in the process of completing an STC for G-IV/GIV-SP aircraft and will be able to offer presales of the STC and ACA units as a kit through Peregrine or authorized dealers, including Duncan Aviation, who is scheduling installations at all three of its main MRO facilities and all of its avionics Satellite shops. Engineering data and STC's for additional aircraft are currently in development. Please contact Peregrine or Duncan Aviation for details.

The Aviation Clean Air units offer a proactive air and surface purification system for aircraft providing immediate clean, safe and healthy interior air. In addition to removing odors and allergens, its patented ionization technology kills pathogens throughout the cockpit and cabin including, but not limited to:

Kills - Bird Flu Virus (H5N1) Kills - Swine Flu Virus (H1N1) Kills - SARS Bacteria, Kills - Staph Bacteria, Kills - Mold Spores, Kills - MRSA, Kills - E.coli, Kills - T.B. Kills - C.diff, Kills - Pneumonia and more. SOON TO BE TESTED FOR COVID – 19

Peregrine Avionics, LLC, is an aircraft engineering and certification firm located at Centennial Airport in Englewood, CO. Over it's 10 year history it has obtained 21 STC's and provided extensive design and analytical support for Parts 23, 25, 27 and 29 aircraft. It is currently awaiting approval of its application for Organization Designation Authorization.

Lee Aerospace, Inc., designs, manufactures, repairs and distributes acrylic aircraft windows, aerostructure assemblies, composite parts, sheet metal wing spars and fuselage assemblies for the aerospace market. Located in Wichita, KS, Lee Aerospace has been in business for over 30 years.
